

COMMWORLD Remains at the Forefront of the Telecommunications Industry by Expanding its Offering to Include State-of-the-Art Fleet Management Solutions

Reseller Relationship with Networkcar® Enables Customers To Take Advantage of Cost-Effective GPS Tracking Systems

KANSAS CITY, MO — July 27, 2005— **COMMWORLD** of Kansas City, an industry leader in telecommunications, announced today that the company has formed a reseller relationship with Networkcar, the leading provider of services for remotely monitoring the performance and location of fleet vehicles. **COMMWORLD** will offer Networkfleet, Networkcar's wireless in-vehicle technology solution, which merges patented remote diagnostic systems with GPS-based Automatic Vehicle Location technology. This relationship enables **COMMWORLD** to become the first telecommunications company to provide its customers with such a high level fleet management solution in its service area.

Networkfleet, winner of the 2005 *Telematics Update Magazine's* Best Commercial Vehicle Solution Award, helps fleet operators reduce operating costs and improve productivity by providing remote online access to detailed vehicle information ranging from vehicle location to fuel efficiency trend data, 24/7. Vehicle location and diagnostics information enable fleet managers to reduce operating costs, improve driver productivity and more efficiently manage their assets.

Networkcar's patented diagnostic information is a key tool that allows fleet managers to identify problems at an early stage and take a

more aggressive approach to maintenance. The results are increased fleet vehicle uptime and decreased costs. Immediate access to vehicle speed reports, idle time data and fuel efficiency trends, allows fleet managers to achieve improved driver behavior and vehicle conditions while they lower costs associated with accidents, poor driving habits and less-than-optimal maintenance regimes.

"At **COMMWORLD**, we have the exact same issue as our customers do when it comes to effectively managing a fleet of vehicles. We're constantly on the road servicing businesses in the area and we need to do it as efficiently as possible," said Bob Bennett, president of **COMMWORLD**. "After conducting a thorough analysis of fleet management solution providers, we identified Networkcar as an ideal partner because of their superior technology and the phenomenal reputation they have in the industry. Their value proposition was so powerful that we felt it was important to introduce such an innovative tool to our customer base. We strongly believe that it is our duty as our customers' telecommunications provider to bring solutions that increase their profitability and give them a competitive advantage in their marketplace."

ABOUT COMMWORLD OF KANSAS CITY

COMMWORLD of Kansas City has been providing superior business telephone system products and services to the Kansas City area since 1981. **COMMWORLD** specializes in

the most reliable, high quality telecommunications products from the leaders in technology -- Toshiba, ESI, Samsung and Comdial to name a few. Bennett stated, "Customers no longer need to be frustrated with multiple contacts. Our 'one point of contact' concept means your business can come to **COMMWORLD** for full service IP connectivity, converged systems, local/long distance service, Web site provision, audio/video conference service/equipment, voice processing and more. With **COMMWORLD** you get the best of the best."

Throughout the years **COMMWORLD** has been recognized as a leader in the Kansas City business community. In 2005, **COMMWORLD** was one of only 25 companies to be honored by the *Kansas City Small Business Monthly* and received the publication's "25 Under 25 Award." This award honors small businesses that have demonstrated consistent growth, fostered a culture of giving back to the community, and shown an ability to overcome obstacles. Additionally in 2005, the publication awarded Linda Bennett, owner and vice president of **COMMWORLD**, with the "Women Who Mean Business Award." This award is given to business women in Kansas City that are actively creating wealth for themselves and for the economic and social welfare of their communities.

COMMWORLD of Kansas City is located at 6200 Main Street in Grandview, MO. For more information, call (816) 763-1100 or visit www.commworld-kc.com.
